CME credits: 5.75

Category A CE credits: 5.75

NAS Babies: How Can Care be Reliable?

Faculty: Kerry Johnson
Mary Kronquist

Padmani Karna, MD
Una Isaacs LMSW, MA, CAACDC

OBJECTIVES:

- Define reliability and discuss the characteristics of a High Reliability Organization (HRO).
- Discuss three methods to create high reliability performance.
- Understand emerging themes resulting in serious preventable harm events in healthcare and best-practice error prevention techniques and leadership methods to create a safe day.
- Describe the unique role of physicians in an HRO.
- Increase understanding of how addiction impacts newly delivered mothers with infants in NICUs and what resources are available.
- Discuss different processes implemented at MI nurseries to improve the care of Neonatal Abstinence babies.
